

Public transport information – MSCA Training Week 3.2.2025-7.2.2025

The Dutch public transport system is our suggested way of travelling during your stay in the Netherlands. All lectures take place in the Ravelijn building on the campus of the University of Twente:

Ravelijn, Hallenweg 17, 7522 NH Enschede

To schedule your trips, we recommend installing the 9292 app, which generally provides accurate real-time routes.

Please ensure to check in and out with the correct train company. Most of the trains are operated by *NS*, recognizable by yellow gates and check-in posts. Additionally, the train company *Blauwnet* operates regionally around Enschede, recognizable by blue gates and check-in posts. If transferring from one train company to another, make sure to check out at one and check in at the other before boarding the next train.

If not in possession of a Dutch OV Chipkaart, the easiest way to travel is to pay by bank card. When travelling by **train**, you either check in and out at the station gates or check-in posts on the station. One way train tickets can also be bought via the NS; you may print these tickets or show them on your phone via the NS app. For more information, please consult:

<https://www.ns.nl/en/tickets/one-way-ticket>

When travelling by **bus**, you can check in on the bus itself. More information on the local bus company *RRReis* operating in and around Enschede can be found on:

<https://reisinfo.rrreis.nl/nl/rrreis/lijnen>

For more flexibility, you might consider renting a **bike**. Public transport bikes are available at the train station of Enschede:

Airport - Campus

A direct train runs between Schiphol Airport to Enschede. If travelling via that connection, the fastest connection is to get off at Hengelo station and take Bus line 9, which brings you to campus (bus stop UT/Kennispark or UT/Westerbegraafplaats). Please consult the 9292 app to find the quickest route to campus.

Campus – City Center

From the campus of the University of Twente, the Enschede city center is best accessible by bus. Bus lines 1 and 9 directly travel between campus and city center.

On campus

The campus itself is very walkable. If needed, Bus line 1 might save a few minutes of time.
